

Nota: esta válvula NÃO substitui uma válvula de segurança.

Código	Modelo
1611-0104	Válvula Descarga Térmica c/ Enchimento Automático 3/4" M

The drawing shows two technical views of vertical pipe fittings. The left view is a cross-tee fitting with a central vertical pipe and two horizontal side ports labeled A and B. It has a total height of 227, a central section height of 159, and a bottom section height of 65. The bottom section has a diameter of R 3/4" and a width of 56. The side ports A and B have a diameter of G 3/4". The right view is a tee fitting with a central vertical pipe and a side port labeled C. It has a total height of 228 and a bottom section height of 65. The bottom section has a diameter of R 3/4" and a width of 28. The side port C has a diameter of G 3/4". Both fittings have a central vertical pipe with a diameter of 32. The left fitting is labeled 'FRIO ÁGUA ENTRADA' and 'TOMADA PARA UM CALDEIRA'. The right fitting is labeled 'TOMADA PARA ESGOTO' and 'ENTRADA A PARTIR DE UM CALDEIRA'.

Componentes

DADOS TÉCNICOS	
Temperatura de abertura (limite)	97°C + 2°C
Temperatura Máxima	110°C
Pressão Máxima (Lado Caldeira)	4 bar
Pressão Máxima (Lado Água)	6 bar
Ligações	3/4" M
Peso	0,70 kg
